### WORLD CHAMPIONSHIP 2020 COVID-19 DESIESE SITUATION

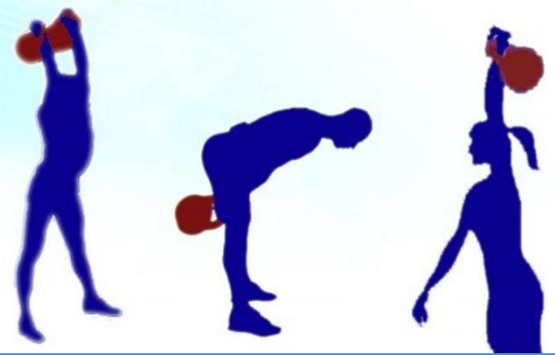

Dear friends,

As known of all of you the World is on alert of the global situation of VIRUS COVID-19 and proliferation of the number of cases around world, in Europe, in Italy with 1128 confirmed cases and in Spain 45 confirmed cases ([info](#)).

In Spain and with many sport events occurring during next days and weeks, several regions already suspended, postponed or denied any spectator to enter as prevention to stop the increase in number of new cases. Also, it's an unknown information about all big events around world will happen in 2020, as Olympic Games in Japan where postponed all volunteers training program ([info](#)). However, didn't cancel the event.

The World Kettlebell Sport Federation, without any World, Europe or Spanish mandatory information and guideline to cancel all events will keep the World Championship 2020 (in Spain) and all our events during 2020.

However, the WKSF would like to warn all representatives and teams to not buy any flight during next days. It's your decision to book all athletes flights and hotels, but we would like to inform you to wait a little longer. We believe, with our host in Spain, to have more information during next times, it's only in June but WKSF will not assume any responsibility if under governmental orders the WC2020 will not be able to be realized or must be postponed.

The WKSF and Board Direction would like to see you to continue training, preparing to WC2020, continue with all program training with your coaches and mark your agenda to receive all you in Spain. Also, and following the WHO, the WKSF would like to alert you and your awareness to:

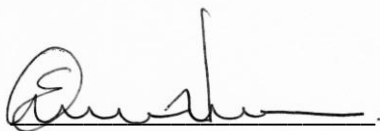

- do not be in a big crowd
- if with any symptoms of flu call your emergency service
- if with any symptoms of flu call follow your national Covid-19 protocol
- Wash your hands
- With any symptoms do not go to your gym

WKSF will bring you more information during next days/weeks. All situation and decisions will be assumed following the Spanish or International guidelines.

With friendship,

Milan, 2nd march 2020
