

WKSF President - Report 2023

Prot. N°043 / 28 December 2023

Almost 6 years have passed since we founded WKSF. In this Report I have told in simple words everything we have done. Enjoy the reading. We have achieved important milestones for growth of our organization and of Kettlebell Sport in general, I want to mention some of these achievements: we have joined TAFISA and we are international member, ISNO international member, SRE international member and GAAPSF international member, we are in the process of joining WADA and we are on the road to international recognition. We have carried out a project to organize sporting events in high quality with all predefined requirements, we have achieved the World Record payment in the Elite category,

World Record registration in the Master categories, this year starting registration world record in separate discipline jerk and snatch (Biathlon) and half marathon. In the season of 2023, 58 World Records (37 for women and 21 for men) during World Championship in Hungary and 10 World records during European Championship in Italy. The Judges worked very well, especially in the most important competitions of the year, in total we have 107 certified judges of various categories, the first judges and secretariat in the championships receive compensation in the amount of 50€ and in general this year 11.500,00€ was spent on refereeing. Have not given the opportunity to carry out projects in collaboration with international universities, we have achieved a lot but we still have a lot of work to carry out our realities, all together we will succeed. New WKSF Kettlebell Sport For All project started during the TAFISA World Congress in Germany-Dusseldorf. During 2023 we have 69 countries affiliated regularly and 2 countries in negotiation.

In the WKSF 2023 events calendar we have 21 competitions in 5 continents (South America & North America, Asia, Europa, Oceania) that shows great growth Kettlebell Sport in the world, including World Championship in Hungary, Open European Championship in Italy, Open Asia & Oceania Championship in India, Open North America Championship in USA, Open South America Championship in Brasile, Open Cup Oceania in Australia, World Cup in Italy.

GLOBAL WORK PROJECTS

One of the major objectives that we have set ourselves as WKSF is to make ourselves known and to obtain ever greater visibility as a sport. For this reason, we are committed to activate international contacts in order to introduce ourselves and acquire the necessary information to be able to join organizations that can help us achieve our purpose.

During 2023 we are officially affiliated and we are members:

- ISNO
- SRE
- TAFISA
- GAAPSF

ANTI-DOPING / WADA-WKSF CLEAN SPORT REGULATIONS

This year we managed to have Doping Control for world record holders during World Championship in Hungary, during European Championship in Italy and for the first time during Asia & Oceania Championship in India.

Principles of WKSF Clean Sport

WKSF Anti-doping programs are founded on the the values of a sport “From All & To All” with a Fair-Play between all. The spirit of the human being to persuit the excellence must be through the dedicated perfection of each athlete’s natural talents. WKSF Anti-doping programs and all guidelines promoted, developed and directed to protect the health of Athletes and to provide the opportunity for athletes to pursue human excellence without the use of prohibited substances and methods. WKSF Anti-doping programs are founded in the ideology to maintain the integrity of sport in terms of respect for rules, other competitors, fair competition, a level playing field, and the value of clean sport to the world. We believe that the sport is the celebration of the human spirit, body and mind. It is the essence of Olympism and is reflected in the values we find in and through sport.

The WKSF Anti-doping program is sustained in:

- Health
- Ethics, fair play and honesty
- Rights and Responsibilities
- Education
- Proud and joy
- Dedication with commitment
- Respect for rules and laws

GENDER

The practice of Kettlebell Sport

Everyone has the right to practice sports in healthy environments that guarantee human dignity. Women and men of different ages and different social and cultural backgrounds must have the same opportunities to practice kettlebell sports. Sports organizations and institutions must be responsible for the implementation of gender equality policies and must find useful tools to promote the participation of women in kettlebell sport, at all levels.

Recommendations for WKSF affiliated national federations and associations

- Work for the organizational transformation of federations-associations and place women in various areas and roles.
- Organize activities for different training agencies such as schools, youth centers, sports centers that can encourage girls and women to play kettlebell sports.
- Work for the creation of "women friendly" environments that allow women to combine sport with motherhood.
- Create programs for the development of women's sports practice and seek forms of cooperation with other political subjects (Ministry of Health, Social Affairs, etc.)
- Allocate available financial resources to foster equal participation in sport.
- Allocate sports facilities to different groups on an equal basis.
- Include clear anti-sex clauses in federal regulations.

STRATEGIC PLAN FOR THE DEVELOPMENT OF KETTLEBELL SPORT WORLDWIDE

INTRODUCTION

The World Kettlebell Sport Federation is the international leading board of all the federations of kettlebell sport from each affiliated country, managing and organizing the relationships and international competitions among them. Furthermore, the World Kettlebell Sport Federation regulates and develops the international sport events, training programs for practitioners and technicians, in addition to promoting national federations. The World Kettlebell Sport Federation believes in the values of democracy, solidarity and equality, and condemns any discrimination of gender, nationality, social background, political and religious views. The World Kettlebell Sport Federation promotes the recognition of sport as a determining factor to improve the individual's personal growth. The World Kettlebell Sport Federation opposes all forms of corruption or conflicts of interest and encourages transparency in decisions and processes. The World Kettlebell Sport Federation prevents and restricts the use of substances altering natural physical performance of athletes and reinforces the current anti-doping laws.

VISION

To promote and regulate Kettlebell Sport, in order to develop the values and culture of this sport, alongside national federations and sport associations. The World Kettlebell Sport Federation considers sport as a powerful to promote positive values in terms of general wellbeing and lifestyle. Kettlebell Sport is practiced by professionals and amateurs, who follow some shared values:

- loyalty;
- mutual support;
- physical and moral sacrifice;
- respect for the opponent and compliance with rules;

- attention to social and environmental issues;
- interest for people's health and their general wellbeing;
- understanding and respect for the historical roots of the discipline.

MISSION

To design a plan of continuous development of the Kettlebell Sport Movement worldwide, in order to improve the qualitative and quantitative standards of the sport as well as the organization. To strengthen cooperation and partnerships between all actors, including sport clubs, associations, federations and leagues, university, school, local communities and decision makers as well as the public and private sectors, and ensure complementarities and to make sport and physical education available to everyone.

OBJECTIVES

- To promote and develop the Movement, through the increase in the number of members and affiliated national federations worldwide.
- To stimulate the interest of people and media for the sport.
- To promote a wider and thorough expansion of Kettlebell Sport culture at every level of experience.
- To promote Sport as a primary factor for health, education, social, economic and cultural development.
- To implement shared planning and decision making across the board.
- To value relationships with stakeholders.

ACTIONS

- To improve the organizational governance and promote the coordination across different national federations.
- To encourage the affiliation to the main supranational sports Organizations.
- To improve the structure of competitions and international sport events.
- To promote standardisation of competition equipment, rules and criteria.
- To add value to the national teams.
- To promote continuously higher standards of training for athletes and instructors.
- To develop an advanced plan of communication and marketing.
- To amplify live streaming, media and TV connection for main sport events.
- To increase the fundraising and the search for new sponsorships.
- To promote health and wellbeing for disabled people, taking into account their specific requirements and needs.
- To encourage everybody to practice sport and physical activity, in particular women, young and elderly people.
- To increase the awareness and understanding of Kettlebell Sport in schools and universities.
- To promote active citizenship and encourage volunteering in sport.
- To promote sport projects linking science, health, society and culture, together with the experts in each field of interest.

THE FOUR PILLARS OF WKSF

The World Kettlebell Sport Federation is based on four main pillars:

- Competitions: through the organization of international championships and games

- Education: through activities aimed at increasing the awareness of the sport and its technical methodologies among people, in collaboration with experts in the academic environment and health professionals
- Social and cultural promotion: through support to projects aimed at promoting the involvement of students, women, young people and vulnerable individuals of society, in partnership with public and private entities and bodies.
- Training: through the organization and improvement of specific courses, workshops and classes for instructors, athletes and amateurs. Noteworthy is the contribute of the International Kettlebell Lifting Training Academy for its commitment to education and specific activities aimed at the personal and professional development of professional athletes.

The World Kettlebell Sport Federation recognizes that international sport has the power to bring nations as well as individuals together and it can serve as a guide to an engaged and inclusive society. Through this brief strategic plan, the World Kettlebell Sport Federation provides the roadmap and the main initiatives to convert the main challenges in great opportunities for the long term growth of our sport and for the enjoyment of many people within the Kettlebell Sport family!

FINAL CONSIDERATIONS

I want to thank everyone, Athletes, Trainers, Judges, National Referents, for the commitment made during this year, a commitment that has allowed us to quickly grow "our" WKSF.

Thanks to the Coordinators and the members of the Commissions (76 members of the commissions involved for our growth) and to the Executive Committee (I would like to specify all members of the executive committee, we worked very hard and very constructive during the year 2023), who contributed to the definition of the technical / sporting aspects.

At the end of my report I would like to visualize three important events of the year 2023:

- 1) WKSF World Championship month of June in Hungary, great organizational level, 32 country and 507 athletes-disciplines. Doping Control for world record. Thanks for all the work done during the World Championship to staff WKSF and HKSF, thanks to Katalin Nemeth.
- 2) WKSF Open South America Championship month November in Brazil, great organizational level, 4 country 104 athletes-disciplines. Thanks to Christian Thier for all the work done during the South America Championship.
- 3) WKSF Open European Championship month December in Italy, great organizational level, 15 country, around 200 athletes-disciplines. Doping Control. Thanks for all the work done during the European Championship to staff WKSF and FIKS, thanks Christian Borghello.
- 4) WKSF Open Asia & Oceania Championship month December in India, great organizational level, 53 athletes-disciplines. For the first time Doping Control in Asian continent, thanks for all the work done during the Asia & Oceania Championship to staff WKSF and GSIF, thanks Parag Mhetre.
- 5) WKSF Open North America Championship month October in USA, thanks to commission.
- 6) Season 2023 started with WKSF World Cup in Italy in March, in April WKSF Open Oceania Cup, thanks to commission.

Our main goal is to grow and to have an ever better organization and we will only be able to do it if we all really want to and if we all move in unison to achieve the goals we have agreed upon and which, again, we will define in the future.

FINANCIAL

I provide, in full transparency, the summary data for 2023:

Income € 78.380,00

Expençe € 59.792,62

(Plus € 18.587,38)

I would like to see that we have maximum transparency, I must say that when there is no money-investing, I get my financial resources.

We want to grow and we want an ever better organization and we can do it only if we all really want it and if we all move in unison to achieve the objectives that we have agreed on and that we will always define in the future.

Merry Christmas & Happy New Year 2024 !
