Subject: Change the discipline 12´Snatch Elite Female

After checking the results and achievements at the 12´Elite Female Snatch with 1x20kg in a free hands switch option, it was necessary to review the future of this discipline and bring to discussion the change of 1x20kg to 1x24kg. With the 10´Snatch Elite Female with only 1 switch available, was important to understand and listen the opinion of our Executive Committee and members with the options:

- a) Change it at the 1st of January of 2026 to all competition the new weight of 24kg.
- b) Continue in 2026 with the option of 20kg until next World Championship and listen all members at the General Assembly.

With this 2 options, the WKSF did an online inquiry and received a 100% wish to change from the Executive Committee and from our members only one answer to continue with the 20kg.

From the countries of Portugal, Italy, Poland, Scotland. Ukraine, Brazil, Israel, Hungary, South Korea, Indonesia, Canada, Sweden, India, USA, Moldova and France, the wish change immediately from 20kg to 24kg and the wish the continue with 20kg from England.

The final decision is to change the Kettlebell Weight to 24kg to the discipline of 12´Snatch Elite Female immediately in January of 2026. The new Ranking and consecutively the Coefficients for 24kg will be reviewed and published until 31st December of 2025.

Sincerely,
